McLellan Seed Co.

5th & Natoma St.
SAN FRANCISCO

Wall St.
LOS ANGELES

CALIFORNIA

To the NURSEYMEN, FLORISTS AND GROWERS

ALTHOUGH:

The McLellan Seed Co. has just been formed, we are not new in our experience either in the seed or flower growing business.

For 37 years the E. W. McLellan Co., Inc., has been actively engaged in the growing of choice cut flowers of all descriptions for the wholesale markets, and operates one of the largest ranges of glass houses in California.

We have with us in charge of the McLellan Seed Co., Mr. David Denholm who has had eight years European experience and six years American experience in all branches of the seed business, many of those years being spent in the growing fields and plant breeding stations in California. Mr. Denholm's experience and our own, coupled with our close proximity to the World's largest seed growing areas, enables us to keep in constant touch with the seed raisers stocks and watch the development of new varieties, thus making it possible for us to give you the "Best in flower seeds, service and information."

In our greenhouses and outdoor trial grounds we test all our seeds for trueness to name, type and marketable qualities. This information is always at your service.

It is our aim to give you a quality product at a reasonable price.

Terms: All flower seed orders 2% for cash 10 days from date of bill; 5% when remittance accompanies order. Thirty days net cash to customers of approved credit or established accounts. Goods required sent C. O. D. must be accompanied by 25% of the amount of the order. All flower seeds offered in this list will be delivered post paid or express paid except when otherwise stated.

We give no warranty, express or implied as to purity, description, productiveness, or any other matter of any seeds we send out, and will be in no way responsible for the crop.

McLellan's Market Mixtures are all blended from named varieties and are not field run. This means that the mixtures contain in the proper proportions only those colors which are popular on the market, thus positively eliminating all unusable colors or varieties.

Very truly yours,

McLellan Seed Company

ANTIRRHINUM - a (Snapdragon)

From the long list of varieties now available we have found the following to be the best suited for culture under glass.

McLELLAN'S SELECTED SEEDS

ANTIRRHINUM - a—Snapdragon (Continued)

SELECT FLORIST STRAINS

	Pkt.	3 Pkt.	5 Pkt.
Afterglow—golden bronze	1.00	2.50	3.50
Ceylon Court Yellow—best early yellow.....	1.00	2.50	3.50
Cheviot Maid Supreme—excellent rose pink....	1.00	2.50	3.50
Jennie Schneider—salmon pink shades.....	.75	1.85	2.75
Lucky Strike—best non-shattering white.....	1.00	2.50	3.50
Rose Queen—fine deep rose pink.....	1.00	2.50	3.50

ANTIRRHINUM MAXIMUM - a

A new giant flowered class of superb growth, a great improvement over the Majus type. This class is too new to come as true to color as it should but they come well enough to make them worth growing as an outside Snap. The growth of all this group is too strong to have any early flowering value. Height 36 in.

	1/8 OZ.	1/4 OZ.	OZ.
Apple Blossom—rosy pink, white tube.....	.30	.60	2.00
Canary Bird—canary yellow.....	.30	.60	2.00

PETUNIA RUFFLED GIANTS SINGLE - a

The Giant Ruffled or Superbissima type of Petunia is becoming more popular each year as a pot and bedding plant. As they are of recent origin, and bred up from the smaller flowered types, they still do throw some smaller flowered plants, but the great majority of the plants will be real giants. The seed we offer is the best available.

The largest flowered Petunias with large open veined throats. No florist or grower should be without them.

	1/64 oz.	1/32 oz.	1/16 oz.
Giant Ruffled Pink	1.30	2.50	4.50

STOCKS

Stocks are one of our specialties, we have spent a great deal of time finding the best market strains as we have to depend upon them for our own market stock. You can absolutely depend upon the varieties we have listed as being the best obtainable for high percentage of doubles, and first class quality.

STOCK, COLUMN or NON BRANCHING

	1/8 OZ.	1/4 OZ.	OZ.
McLellan's Fiery Blood Red —intense fiery blood red, darkest red stock in existence.....	1.25	2.00	8.00
McLellan's Lavender	1.25	2.00	8.00

The above two varieties are from our own private stock and are the only two column Stocks we have seen that are truly non branching. High percentage of doubles.

STOCK, EARLY GIANT IMPERIAL (Improved Bismarck)

All reselected florists strains, 28 to 32 in.

	1/8 OZ.	1/4 OZ.	OZ.
Antique Copper —only wanted in small quan... .	.50	.85	3.00
